**46 All applications required pursuant to these regulations must be made in the form provided by the commission or in a form acceptable to the commission”.**

**New section 58****15 Section 58 is repealed and the following substituted:****“Crane and hoist operator trade**

**58(1)** In this section, **‘trade’** means the trade designated in accordance with Part II as ‘crane and hoist operator trade’, and includes the operation of any mechanical device or structure:

- (a) that incorporates a power-driven drum and wire rope that is used primarily for raising, lowering or moving material or equipment;
- (b) that is equipped with a boom capable of moving in the vertical and horizontal planes;
- (c) that is mounted on a base or chassis intended to provide mobility; and
- (d) that may be crawler- or wheel-mounted.

**(2) In this section:**

(a) **‘boom truck operator “A” sub-trade’** means the sub-trade recognized pursuant to subsection (7) as the ‘boom truck operator “A” sub-trade’ and includes, with respect to boom trucks including boom trucks over 15.5 tons, the maintenance and operation of any device that:

- (i) is mounted on a turret;
- (ii) is supported to provide mobility;
- (iii) incorporates a power-driven drum and wire rope that is used primarily for raising, lowering or moving material or equipment;
- (iv) is equipped with:
  - (A) a boom capable of moving in the vertical and horizontal planes; or
  - (B) a telescoping or articulating boom;

(b) **‘boom truck operator “B” sub-trade’** means the sub-trade recognized pursuant to subsection (7) as the ‘boom truck operator “B” sub-trade’ and includes, with respect to boom trucks up to and including 15.5 tons, the maintenance and operation of any device that:

- (i) is mounted on a turret;
- (ii) is supported to provide mobility;
- (iii) incorporates a power-driven drum and wire rope that is used primarily for raising, lowering or moving material or equipment; and

(iv) is equipped with:

(A) a boom capable of moving in the vertical and horizontal planes; or

(B) a telescoping or articulating boom;

(c) **‘lattice boom crane operator sub-trade’** means the sub-trade recognized pursuant to subsection (7) as the ‘lattice boom crane operator sub-trade’ and includes the maintaining and operating of any mechanical device or structure incorporating a power-driven drum and wire rope used for raising, lowering or moving material, which is equipped with a boom capable of moving in the vertical and horizontal planes and either crawler- or wheel-mounted on a base or chassis to provide mobility.

(3) This section applies to employers, tradespersons, journeypersons, apprentices and any other person in the trade or in one of the sub-trades defined in subsection (2).

(4) No person is eligible to enter into an apprenticeship program in the trade unless that person has educational qualifications, skills and aptitude that are required to complete the apprenticeship program successfully in the opinion of the commission.

(5) A term of apprenticeship in the trade consists of three apprenticeship years operating lattice boom and hydraulic cranes of which a minimum of 1.0 apprenticeship year must be operating either lattice boom or hydraulic cranes.

(6) Each apprenticeship year:

(a) subject to clause (b), in the trade requires 1,500 hours of training that:

(i) includes on-the-job training; and

(ii) may include technical training;

(b) in the boom-truck operator ‘B’ sub-trade requires 1,000 hours of training that:

(i) includes on-the-job training; and

(ii) may include technical training.

(7) The following are sub-trades of the trade:

(a) lattice boom crane operator;

(b) boom truck operator ‘A’;

(c) boom truck operator ‘B’.

(8) A term of apprenticeship in the lattice boom crane operator sub-trade consists of three apprenticeship years.

(9) The term of apprenticeship is two apprenticeship years in:

- (a) the boom truck operator 'A' sub-trade; or
- (b) the boom truck operator 'B' sub-trade.

(10) A holder of proficiency certificates in both the lattice boom crane operator sub-trade and the hydraulic crane operator trade or a holder of a proficiency certificate in the lattice boom crane operator sub-trade and a journeyman certificate in the hydraulic crane operator trade is eligible to write the interprovincial standards examination in the trade, if that person:

- (a) applies on the form provided by the commission;
- (b) surrenders both certificates to the commission when he or she passes the examination; and
- (c) pays any fee required by the commission.

(11) Notwithstanding subsection 26(3), in order to be eligible to write the journeyman trade examination in the trade, a tradesperson who does not hold proficiency certificates in the required trade and sub-trade must satisfy the commission he or she has worked in the trade for an aggregate of not less than 4.5 years, of which:

- (a) at least 1.5 years are in the hydraulic crane operator trade and at least 1.5 years are in the lattice boom crane operator sub-trade, and the remaining 1.5 years may be served in either the hydraulic crane operator trade or the lattice boom crane operator sub-trade; and
- (b) not less than two years are to be in:
  - (i) the hydraulic crane operator trade if the tradesperson has three years or more in the lattice boom crane operator sub-trade; or
  - (ii) the lattice boom crane operator sub-trade if the tradesperson has three years or more in the hydraulic crane operator trade".
